

◆ DAVID A. WINSTON HEALTH POLICY FELLOWSHIP ◆

Date: August 24, 2011

To: Graduate Program Director, Chair, or Dean

From: Lydia S. Middleton, MBA, CAE
President & CEO, Association of University Programs in Health Administration

Re: 2012-13 Health Policy Fellowship Announcement and Nomination Materials

We are delighted to share with you and your students this remarkable post-graduate fellowship opportunity. The **DAVID A. WINSTON HEALTH POLICY FELLOWSHIP** can provide one of your graduates the opportunity to expand their knowledge of the political system through firsthand, direct exposure to both public and private sector decision-makers in health policy development in Washington, D.C.

The **DAVID A. WINSTON HEALTH POLICY FELLOWSHIP** offers a twelve to sixteen-month postgraduate experience to a 2012 master's or doctoral degree graduate of any school or program housed in a college or university that is a Full or Associate Candidate Member of AUPHA. Each college or university graduate school or department may nominate one candidate per Fellowship year.

Department Chairs or Deans may serve as the nominator for the fellowship. Only one student may be nominated by a Department. Students graduating with degrees in any discipline, field, or profession are eligible for this Fellowship. Enclosed please find a supply of brochures describing the **DAVID A. WINSTON HEALTH POLICY FELLOWSHIP** together with a poster to be posted on campus bulletin boards. We rely on you to share this opportunity throughout your department. Please distribute the enclosed brochures to interested students, faculty, and/or career placement officers as soon as possible and display the poster in a conspicuous location. We can also email an electronic version of these materials if you wish to distribute via email.

Please note that all student applications should reach you by **October 21, 2011**. This should allow sufficient time to deliberate and return your final nomination to AUPHA no later than **November 4, 2011**. All materials should come to AUPHA from the department, not directly from the student.

If you have any questions or require further information or additional copies of the enclosed materials, please call the AUPHA offices at (703) 894-0940 x115 or email winston@aupha.org. Thank you for your participation in the Fellowship!

Enclosures:
